The management of FG expect KL to make profits in the future and no impairment of its goodwill was proposed at 31 December 20X5.

Calculate the value of property, plant and equipment to be recognized in FG's consolidated statement of financial position at 31 December 20X5.

Give your answer to the nearest whole \$.

Answer: \$1180000

Question: 71

CORRECT TEXT

GH's tax liability at 30 June 20X3 in respect of the tax charge on the profits for the year ended 30 June 20X3 is \$876,000.

There was an over provision of \$105,000 that related to the tax charge on the profits for the year ending 30 June 20X2.

What amount should be shown in GH's statement of profit or loss for the year ending 30 June 20X3?

Give your answer to the nearest \$.

Answer: \$771000

Question: 72

The following information is extracted from the statement of financial position for ZZ at 31 March 20X3:

	20X3	20X2
	\$million	\$million
Non-current assets		
Property, plant and equipment	350	320
Equity		
Revaluation reserve	200	100
Non-current liabilities		
Deferred tax	10	7
Current liabilities		
Income tax	26	22

Included within cost of sales in the statement of profit or loss for the year ended 31 March 20X3 is \$20 million relating to the loss on the sale of plant and equipment which had cost \$100 million in June 20X1.

Depreciation is charged on all plant and equipment at 25% on a straight line basis with a full year's depreciation charged in the year of acquisition and none in the year of sale.

The revaluation reserve relates to the revaluation of ZZ's property.

The total depreciation charge for property, plant and equipment in ZZ's statement of profit of loss for the year ended 31 March 20X3 is \$80 million.

The corporate income tax expense in ZZ's statement of profit or loss for year ended 31 March 20X3 is \$28 million.

ZZ is preparing its statement of cash flows for the year ended 31 March 20X3.

What figure should be included within cash flows from investing activities for the proceeds of sale of plant and equipment?

- A . \$55 million
- B . \$95 million
- C . \$80 million
- D . \$120 million

Answer: A

Question: 73

DEF is considering introducing a Pay-As-You-Earn (PAYE) system but unsure of the advantages of using it.

Which of the following statements are advantages from the employees perspective of an entity using a PAYE system for collecting taxes from employees? Select ALL that apply.

- A . The employee will be able to deal with tax authority directly to make payments.
- B . The employee will avoid being charged penalties for paying late.
- C . The employee will calculate their own tax payment.
- D . The employee does not have to complete a self assessment tax return.
- E . The employee does not have to budget for their tax payments because the tax is deducted at source.

Answer: B,D,E

Question: 74

The International Accounting Standards Board's "The Conceptual Framework for Financial Reporting" (known as The Conceptual Framework) states that "faithful representation" is a fundamental qualitative characteristic.

In accordance with the Conceptual Framework which of the following is NOT part of faithful representation?

- A . Complete
- B . Neutral
- C . Free from error
- D . Comparable

Answer: D

Question: 75

Which of the following is a characteristic of a defined contribution post-employment benefit scheme?

- A . The amount of the post-employment benefits paid to former employees depends on how well the scheme's investments have performed.
- B . The employer would make additional contributions into the scheme if the actuary predicted a shortfall in the funds available to pay post-employment benefits.
- C . The amount of the post-employment benefits paid to former employees is determined at the date of their retirement using a predefined formula.
- D . The employer may take a contributions holiday and stop paying contributions for a period, if the scheme's assets appear to be more than are required to meet the scheme's obligations.

Answer: A

Question: 76

The following data has been extracted from GH's accounting records:

	\$
Inventory at 1 April 20X2	26,000
Inventory at 31 March 20X3	32,000
Inventory purchases	271,500
Cost of sales	423,400

What is GH's average inventory days for the year ended 31 March 20X3?

- A . 39 days
- B . 43 days
- C . 25 days
- D . 28 days

Answer: A

Question: 77

CORRECT TEXT

KL has just completed their inventory count and has ascertained that the cost value of the inventory is \$460,000; this was made up of 10,000 units of component part FF.

A week before the year end the FF components were moved to a temporary warehouse.

Two weeks later they were inspected and found to have been damaged by the damp conditions in the temporary warehouse.

Of the 10,000 units 2,500 of them were damaged. After remedial work of \$5.00 per unit KL anticipates they will be able to sell the damaged parts for \$32.00 per unit.

What is the value for closing inventory to be included in the financial statements of KL?

Give your answer to the nearest \$.

Answer: \$412500

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including Exam Questions, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

Practice Exam Questions Based on Current Exam Objectives

Killexams.com provides practice exam questions aligned with the latest official exam objectives and latest syllabus. Our content is reviewed and updated regularly to reflect recent changes announced by certification vendors. By studying these practice questions, candidates will cover the structure, difficulty level, and topics of the actual exam, helping them prepare more effectively and efficiently.

Comprehensive Practice Exams (PDF Format)

Killexams.com offers multiple-choice questions (MCQs) in easy-to-read PDF format, covering all major domains of the exam. Each PDF contains a structured collection of practice questions and verified answers designed to support focused study. These MCQs help candidates reinforce key concepts, identify knowledge gaps, and improve exam readiness through consistent practice.

Realistic Practice Tests (Online Test Engine & Desktop Test Engine)

To support hands-on preparation, Killexams.com provides practice tests through both an Online Test Engine and a Desktop Test Engine. These tools are designed to simulate a real exam environment, allowing candidates to practice under exam-like conditions, with latest syllabus and topics of the exam. Performance tracking, test history, and result analysis help users evaluate their progress and focus on areas that need improvement.

Risk-Free Purchase Policy

Killexams.com follows a transparent and customer-friendly purchase policy. If users are not satisfied with the study materials, they may request assistance or a refund in accordance with our published terms and conditions. This policy reflects our commitment to customer satisfaction, fairness, and confidence in our preparation resources.

Regularly Updated Content

Our practice question bank is reviewed and updated on an ongoing basis to stay aligned with the latest exam outlines and vendor updates. This ensures candidates are studying up-to-date, relevant material, and preparing with content that reflects current exam expectations, helping them stay confident and well-prepared.
