Question:80

		Interest Earned in One Year					
		Principal in Dollars					
		1000	1100	1200	1300	1400	1500
Interest Rate in Percent	1 1/4	12.50	13.75	15.00	16.25	17.50	18.75
	1 3/4	17.50	19.25	21.00	22.75	24.50	26.25
	2 1/4	22.50	24.75	27.00	29.25	31.50	33.75
	2 3/4	27.50	30.25	33.00	35.75	38.50	41.25
	3 1/4	32.50	35.75	39.00	42.25	45.50	48.75
	3 3/4	37.50	41.25	45.00	48.75	52.50	56.25
	4 1/4	42.50	46.75	51.00	55.25	59.50	63.75

, How much interest is earned in one year on \$4,800 at 2 3/4%?

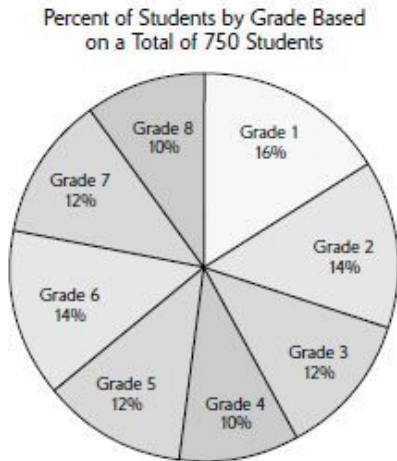

- A. \$33.00
- B. \$50.00
- C. \$66.00
- D. \$103.00
- E. \$132.00

Answer: E

Explanation:

\$4,800 is four times as much as \$1,200 and, therefore, earns four times as much interest. $4 \times \$33.00 = \132.00 .

Question: 81

, How many students are in grade 5?

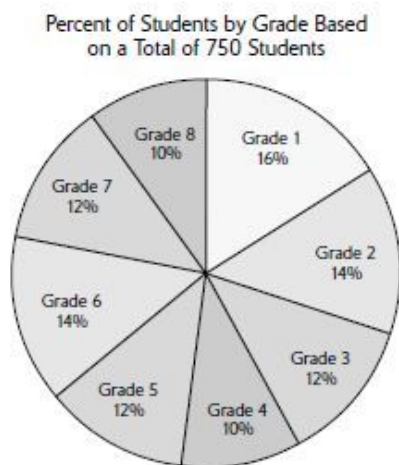

- A. 12
- B. 63
- C. 87
- D. 90
- E. 150

Answer: D

Explanation:

The school has 750 students and 12% of them are in grade 5. $12\% \text{ of } 750 = .12 \times 750 = 90$.

Question: 82

, The total number of students in grades 1 and 3 is the same as the total number of students in which of the following grades?

- A. 2 and 7
- B. 4, 7, and 8
- C. 4, 5, and 7
- D. 2 and 6
- E. 5 and 6

Answer: D

Explanation:

Sixteen percent of the students are in grade 1, and 12% of the students are in grade 3. Therefore, $16\% + 12\% = 28\%$ of the students are in grades 1 and 3. For choice A you need to add the percentages for grades 2 and 7: $14\% + 12\% = 26\%$. For choice B you need to add the percentages for grades 4, 7, and 8: $10\% + 12\% + 10\% = 32\%$. For choice C you need to add the percentages for grades 4, 5 and 7: $10\% + 12\% + 12\% = 34\%$. For choice D you need to add the percentages for grades 2 and 6: $14\% + 14\% = 28\%$. This is the correct answer.

Question: 83

Percent of Students by Grade Based on a Total of 750 Students

, How many more students are in grade 2 than in grade 8?

Answer: C

Explanation:

The school has 750 students and 14% of them are in grade 2. $14\% \text{ of } 750 = .14 \times 750 = 105$. Ten percent of the students are in grade 8. $10\% \text{ of } 750 = .10 \times 750 = 75$. To determine how many more students are in grade 2, subtract: $105 - 75 = 30$.

Question: 84

Percent of Students by Grade Based on a Total of 750 Students

, How many students are in grades 5 and 6 combined?

- A. 195
- B. 260
- C. 305
- D. 350
- E. 375

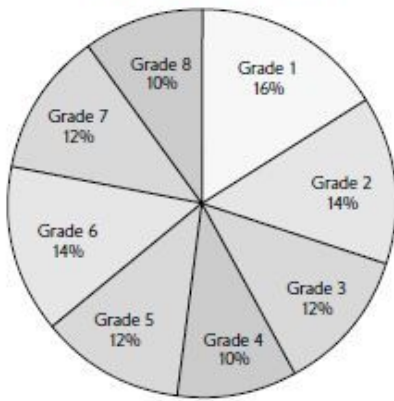

Answer: A

Explanation:

Twelve percent of students are in grade 5 and 14% of students are in grade 6. $12\% + 14\% = 26\%$. Because 750 students are in the school, we need to calculate $26\% \text{ of } 750 = .26 \times 750 = 195$.

Question: 85

Percent of Students by Grade Based on a Total of 750 Students

, If 30 students in grade 1 transfer to a different school and no other students enter or leave any of the other grades, what is the new percent of students in grade 3?

- A. 9%
- B. 9.5%
- C. 10%
- D. 12%
- E. 12.5%

Answer: E

Explanation:

The school has 750 students, and 12% of them are in grade 3. $12\% \text{ of } 750 = .12 \times 750 = 90$. After 30 students leave the school, $750 - 30 = 720$ students remain. We need to determine what percent 90 is of 720: $90 \div 720 = .125 = 12.5\%$.

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including Exam Questions, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

Practice Exam Questions Based on Current Exam Objectives

Killexams.com provides practice exam questions aligned with the latest official exam objectives and latest syllabus. Our content is reviewed and updated regularly to reflect recent changes announced by certification vendors. By studying these practice questions, candidates will cover the structure, difficulty level, and topics of the actual exam, helping them prepare more effectively and efficiently.

Comprehensive Practice Exams (PDF Format)

Killexams.com offers multiple-choice questions (MCQs) in easy-to-read PDF format, covering all major domains of the exam. Each PDF contains a structured collection of practice questions and verified answers designed to support focused study. These MCQs help candidates reinforce key concepts, identify knowledge gaps, and improve exam readiness through consistent practice.

Realistic Practice Tests (Online Test Engine & Desktop Test Engine)

To support hands-on preparation, Killexams.com provides practice tests through both an Online Test Engine and a Desktop Test Engine. These tools are designed to simulate a real exam environment, allowing candidates to practice under exam-like conditions, with latest syllabus and topics of the exam. Performance tracking, test history, and result analysis help users evaluate their progress and focus on areas that need improvement.

Risk-Free Purchase Policy

Killexams.com follows a transparent and customer-friendly purchase policy. If users are not satisfied with the study materials, they may request assistance or a refund in accordance with our published terms and conditions. This policy reflects our commitment to customer satisfaction, fairness, and confidence in our preparation resources.

Regularly Updated Content

Our practice question bank is reviewed and updated on an ongoing basis to stay aligned with the latest exam outlines and vendor updates. This ensures candidates are studying up-to-date, relevant material, and preparing with content that reflects current exam expectations, helping them stay confident and well-prepared.
